

Day 1: Tuesday, 14 May 2018

Programme
<p>SESSION 1 : OVERVIEW OF ISLAMIC GREEN FINANCE DEVELOPMENT</p> <p>The session will set the stage by providing an overview of green finance instruments currently in use around the world (e.g. green funds, bonds and equities), the global trend of green bond markets and demand for large infrastructure green projects. This will be followed by a discussion about the links between Islamic finance and green finance as well as innovative Islamic instruments such as green sukuk.</p>
<p>SESSION 2 : TOWARDS AN ENABLING ENVIRONMENT FOR ISLAMIC GREEN FINANCE: DEVELOPING GUIDELINES & STANDARDS</p> <p>This session will focus on the enabling environment for Islamic green finance, including the role of international institutions and regulatory authorities in establishing the required ecosystem, particularly on the guidelines/ framework for issuing green project financing. This session will also discuss how international institutions can build a platform for cooperation between players involved in green financing.</p>
<p>SESSION 3 : DEVELOPING A SUCCESSFUL GREEN SUKUK PROGRAM: OPPORTUNITIES AND CHALLENGES</p> <p>This session will assess the current state of the green sukuk market (sovereign and corporate), the potential for growth and the challenges that need to be addressed in order to fulfil its potential. Second opinion providers play a significant role in preserving the credibility of this asset class. The speakers will review the current practice in assessing the ‘greenness’ of the project and discuss the need for creating greater awareness on convergence of Shariah and green principles.</p>
<p>SESSION 4 : CASE STUDIES ON GREEN SUKUK</p> <p>This session will present several case studies on how sukuk has been used to support certified green projects. It will highlight key aspects, facilitating factors, challenges faced and solutions provided and the experiences in using sukuk.</p> <ul style="list-style-type: none"> • <i>Case Study 1: Sovereign Green Sukuk</i> • <i>Case Study 2: Solar</i> • <i>Case Study 3: Green Building</i>

Day 2: Wednesday, 15 May 2018

Programme
SESSION 5 : A DIALOGUE ON SUSTAINABLE FINANCE
SESSION 6 : ACCELERATING GROWTH IN THE GREEN SECTOR: POLICY AND INCENTIVES FOR GREEN PROJECTS This session will focus on initiatives to support green projects at national level. Speakers across the globe will share approaches and experiences in the design and use of different policies and incentives.
SESSION 7 : ENGAGING THE PRIVATE SECTOR: ROLE OF INSTITUTIONAL INVESTORS IN GREEN FINANCE A panel comprising representatives of pension funds and sovereign wealth funds will discuss how these entities can support the growth and development of green finance.
SESSION 8 : PROSPECTS FOR ISLAMIC GREEN FINANCE This session will review the development and prospects for Islamic green finance. Experts will share their perspectives on existing and potential products and platforms that could apply Islamic green finance, creating new opportunities to this asset class.
